

# Ink Jet Printer

HAE-5000 small character high speed inkjet coder

Inkjet Marking Machine can mark words, produce date, expiry date etc. on packing, metal, pleatic etc. For high speed production.

Inkjet Marking Machine is widely used and Superior performance. It is the first choice for food, drink, Building Materials, electronic Industry.

Item	HAE-5000 inkjet coder
Print Speed	225M per minute (675 feet per minute)
Print Dots	5x 5; 5x7;4x7,8x7, 7x 9; 6x 12;12x 16; 8x16,9x 16;24x24; 12x 12; 16x 18
Operating interface Language	Russian,Portuguese,Spanish, Italian, Turkish, France, German, Persian, English, Arabic,Vietnamese,Hungarian,Korean, Thai,
Printing content	English, Roman number, pattern Russian,Portuguese,Spanish, Italian, Turkish, France, German, Persian, English, Arabic, Vietnamese, Hungarian, Korean, Thai, barcode (EAN8, EAN13, coe 39 etc.) QR code
Printing material	Metal, plastic, glass, woode, tubing, electrical wire, cable, tyre etc
Printing lines	1-4 lines
Printing heights	1.5-18mm
Printing distance	up to 50mm, the best distance is 5-20mm
Printing direction	0-360 degree adjustable
Nozzle Connection Tube	2.5M
LED Display	10.4 inch touch screen
Consumption of Ink	100 millions character per litre in 7x5
ink solvent scale	1:5
Extral Ports	USB connector: alarm tower connector; NPN product detector connector Four PG7 connectors; connecting product sensor; encoder; or positive air assy Telecommunication ports: coonecting to other inkjet printer, computer or IPC
Operating Environment	3-50 Degree, below 90%(humidity)
Ink color	black, blue, red white, yellow
Dimensions	54.6x 21.5x 37cm
Weight	29kg (net machine)
Power	110-230VAC, 50/60HZ, 100W
Printing head	37 x27 x 52cm
